The prospects are that there will be a greater number of buildings put up in East Maysville next year than for a long time past. It is a pleasant place to live and land is cheaper there than in the old part of the city. The prospects are that there will be many improvements in the West Ead where lots are cheap also.

A NEGRO man was heard to say on the street a day or two ago: "Mr. Wadsworth forgot to vote for a coon last year, and I reckon the coons will lorget to vote for him this year." That colored man was correct. It is reconied on the poll books, of the election last year, that Mr. Wadsworth did not vote for Asbury the negro candidate for Register of the Land Office.

Mr. WADSWORTH is personally popular in this city and county. As a private citizen he is respected, and by none more than the writer of this article, but as a politician, and as the bayonet representative in Congress of a tyranized people, no man ought to be and will be mere bitterly opposed by Democrats who have not forgotten Mr. Wadsworth's part in their subjustion. their subjugation.

That is correct advice. Relief need be expected by the working classes only through the Democratic party.
